

General Information

About the Service

Q: What is your service about?

- A:
We are an online healthcare platform providing:
 - Virtual consultations with certified doctors.
 - **Fast assistance for common symptoms** like fever, headache, pain, or cough.
 - Online support for medical emergencies and guidance.
 - Booking of ambulances and in-person medical services.
 - Health advice, second opinions, and mental health support.

Q: Who can use your service?

- **A:** Anyone in need of medical advice, emergency assistance, or healthcare services can use our platform.

Q: How can I access your platform?

- **A:**
Our services are accessible via:
 - Website: [YourWebsite.com]
 - Mobile app: Available on iOS and Android
 - 24/7 helpline: +1-800-555-HEALTH

Q: Do you operate 24/7?

- **A:** Yes, our platform and support team are available 24/7 for consultations, bookings, and emergencies.
-

Online Consultations

Booking and Availability

Q: How do I book a consultation?

- **A:**
Consultations can be booked by:

- Selecting a doctor on our website/app based on specialization.
- Choosing an available time slot.
- Making an online payment to confirm the booking.

Q: Can I choose a specialist for my condition?

- **A:**
Yes, we offer specialists for:
 - General medicine, cardiology, neurology, pediatrics, dermatology, and more.
 - Use the "Find a Specialist" feature to match your needs.

Q: How soon can I get a consultation?

- **A:** Most doctors are available within 15–30 minutes for urgent consultations. Regular slots can be booked as per availability.

Q: Can I consult without prior registration?

- **A:** No, registration is mandatory to ensure secure storage of your medical history and seamless follow-ups.

Q: Do you offer follow-up consultations?

- **A:** Yes, follow-ups can be scheduled after the initial consultation at a discounted rate.

Modes of Consultation

Q: What modes of consultation do you provide?

- **A:**
You can consult via:
 - Video calls
 - Voice calls
 - Chat-based consultations

Q: What if I lose connection during a consultation?

- **A:** Don't worry. The doctor will wait for 5 minutes for reconnection. If the session cannot resume, you'll be rescheduled without extra charges.

Emergency and Escalation Support

Critical Escalation Services

Q: What should I do in case of a heart attack?

- **A:**
If someone is experiencing a heart attack:
 - Call your local emergency number immediately (e.g., 911).

- Use our app to book an ambulance for rapid transportation.
- Consult our on-call emergency doctors for real-time guidance until help arrives.

Q: How do you handle brain strokes?

- **A:**
For brain stroke symptoms (e.g., sudden numbness, confusion, or difficulty speaking):
 - Immediately book an ambulance via our app.
 - Our emergency response team will connect you with a neurologist for live guidance.

Q: Do you provide CPR guidance?

- **A:** Yes, our app has an emergency CPR guide. Alternatively, our support team can guide you over the phone in real-time.

Ambulance and Medical Support

Q: How can I book an ambulance?

- **A:**
Ambulance bookings can be made via:
 - The “Emergency Support” button in our app/website.
 - Phone: Call our 24/7 helpline at +1-800-555-EMED.

Q: What areas do you cover for ambulance services?

- **A:** We operate nationwide with a network of ambulance providers in urban and rural areas.

Q: How soon can an ambulance arrive?

- **A:**
Ambulance response time depends on location:
 - Urban areas: 10–20 minutes
 - Rural areas: 30–45 minutes

Q: Do you assist with hospital admissions?

- **A:** Yes, we coordinate with nearby hospitals to arrange admissions for critical cases, saving valuable time during emergencies.

Prescription and Medication Support

Q: Can I get an e-prescription?

- **A:** Yes, our doctors provide valid e-prescriptions after consultations, which can be downloaded from your profile.

Q: Do you offer online pharmacy services?

- **A:**
Yes, you can order prescribed medicines directly through our app. Delivery options include:
 - Standard: 1–2 days
 - Express: Within 4 hours (subject to location)

Q: Can I reorder medicines?

- **A:** Yes, reorders can be done with a single click from your order history.
-

Mental Health Support

Q: Do you provide mental health consultations?

- **A:**
Yes, our platform has licensed psychologists and psychiatrists who offer:
 - Therapy sessions
 - Stress management techniques
 - Diagnosis and treatment of mental health conditions

Q: Is mental health support confidential?

- A: Absolutely. All consultations are private, and your data is securely stored.
-

Health Monitoring Services

Q: Do you offer remote health monitoring?

- A:
Yes, we provide devices for:
 - Blood pressure monitoring
 - Blood glucose tracking
 - ECG recording (portable devices)
- Data from these devices can be shared with your consulting doctor through our app.

Q: Do you remind users about regular check-ups?

- A: Yes, we have a built-in reminder system for follow-ups, vaccinations, and annual health check-ups.
-

Membership and Insurance

Q: Do you offer membership plans?

- A:
Yes, our plans include:
 - Basic: Unlimited chat consultations and discounts on video consultations.
 - Premium: Free video consultations and priority access to specialists.
 - Family: Covers up to 5 members with added benefits.

Q: Do you accept insurance?

- A: Yes, we partner with leading insurance providers. Ensure your policy covers online consultations.
-

Customer Support and Complaints

Q: How do I raise a complaint?

- A:
Complaints can be filed via:
 - Email: support@onlinehealthcare.com
 - Helpline: +1-800-555-HELP
 - App feedback section

Q: How quickly do you respond to complaints?

- A: We aim to resolve complaints within 24 hours. Urgent issues are addressed immediately.

Q: Can I request a callback?

- A: Yes, use the “Request Callback” option in the app, and our team will contact you within 15 minutes.
-

Privacy and Security

Q: Is my data secure?

- A: Yes, we use AES-256 encryption and comply with HIPAA and GDPR standards. Your data is stored securely and never shared without consent.

Q: Can I delete my account?

- A: Yes, account deletion requests can be made via the app or by contacting support.

Fast Medical Assistance for Common Symptoms

Fever

Q: What should I do if I have a fever?

- A:

Here's how you can get immediate support:

- Use the **Symptom Checker** on our app to log your temperature and associated symptoms.
- Connect instantly with a doctor through our **Fast Consultation** option.
- Receive guidance on whether to take over-the-counter (OTC) medication, rest, or seek further medical help.

Q: Do you provide advice for fever in children?

- A: Yes, our pediatric specialists are available for immediate consultations to guide parents on managing fever in children.

Q: Can I order fever medication through your platform?

- A: Yes, OTC medicines for fever, like paracetamol, can be ordered directly from our **Online Pharmacy**.

Headache

Q: What if I have a severe headache?

- A:

For headaches:

- Use the **Quick Assessment** tool to identify if it's tension-related, a migraine, or possibly something more severe.
- For persistent or unusual headaches, consult a neurologist or general physician immediately.
- Basic advice includes hydration, rest, and over-the-counter pain relievers (if recommended by a doctor).

Q: How quickly can I talk to a doctor about my headache?

- **A:** With our **Fast Consultation** option, you can speak to a doctor in under 15 minutes.
-

Cough

Q: What should I do if I have a persistent cough?

- **A:**
Steps to take:
 - Log your symptoms in the app to identify whether it's due to a cold, flu, or an underlying condition like asthma or bronchitis.
 - Use our **Fast Medical Support** for immediate guidance and prescriptions.
 - Order syrups, inhalers, or lozenges directly through our pharmacy.

Q: Do you help identify if a cough could be COVID-19 related?

- **A:** Yes, our system integrates a **COVID-19 Symptom Tracker** to assess potential risk and guide you on testing or further action.

Pain (Back Pain, Muscle Pain, Joint Pain)

Q: What should I do if I experience back pain or muscle pain?

- A:
For common pain issues:
 - Use the **Pain Relief Guide** on our app for quick remedies like stretching exercises or hot/cold therapy.
 - Book a consultation with a physiotherapist or orthopedist for tailored advice.
 - Get OTC pain relievers delivered to your doorstep.

Q: Can I consult a physiotherapist for joint or back pain?

- A: Yes, our platform allows you to schedule virtual physiotherapy sessions to address joint, back, or muscle pain.

General Symptom Management

Q: Do you provide quick home remedies?

- A:
Yes, our
Health Tips Section

includes:

- Hydration advice for fever and headaches.
- Rest and steam inhalation for cough and congestion.
- Stretching exercises for back pain.

Q: Can I monitor symptoms over time?

- **A:** Yes, our app includes a **Symptom Tracker** to log daily health conditions and share updates with your consulting doctor.
-

Online Consultations

Booking and Availability

Q: How do I book a consultation?

- **A:**
Consultations can be booked by:
 - Selecting a doctor on our website/app based on specialization or symptoms.
 - Choosing an available time slot.
 - Making an online payment to confirm the booking.

Q: Can I choose a specialist for specific symptoms?

- **A:**
Yes, our specialists include:
 - General physicians for fever, cough, and pain.
 - Neurologists for severe headaches or migraines.
 - Pediatricians for children's health.
-
