RETURN, REFUND, AND SUPPORT POLICY

The Banking Chatbot (BNC) provides assistance with managing your account, executing financial transactions, tracking investments, and resolving issues in a timely manner. This document outlines the Return, Refund, and Support Policies that govern our chatbot's services. Our goal is to ensure customer satisfaction by offering clear procedures for refunds, disputes, and assistance.

1. RETURN & REFUND POLICY

BNC ensures customer satisfaction with every transaction, and we handle refunds and returns in a structured and transparent manner.

1.1 Refund Eligibility

You are eligible for a refund under the following conditions:

- **Transaction Discrepancies:** If you detect discrepancies, such as incorrect charges or unauthorized transactions.
- **Service Malfunction:** When BNC experiences technical malfunctions that prevent transactions from being processed, such as failed payments or incomplete transfers.
- **Duplicate Payments:** If you are charged multiple times for the same transaction due to a system error.

1.2 Refund Processing

- Refund requests will be processed within **7-10 business days**.
- Refunds are applied to the same account or method used during the transaction.
- For transactions involving third-party services, the refund process may be subject to additional delays depending on external vendor policies.

1.3 Refund Conditions

- The refund will only be issued if the request is made within **7 days** of the transaction date.
- If a transaction was due to an incorrect customer action (e.g., wrong payment details), no refund will be issued.
- A refund request must include transaction IDs and details, and it will be processed after the claim is verified.

2. TRANSACTION REVERSAL POLICY

2.1 Reversal Scenarios

- **Incorrect Beneficiary Details:** If a payment was sent to the wrong recipient, a reversal request can be initiated (subject to the recipient's bank policy).
- **Failed Transactions:** Transactions that show as “pending” or “failed” but result in payment deductions will be automatically reversed or credited back.
- **Overpayments or Duplicates:** Overpayments or duplicate charges will be eligible for a full refund.

2.2 Reversal Timeframe

- **Pending Transactions:** Will be reversed within **24 hours**.
 - **Completed Transactions:** Can be reversed only within **5 days**, subject to specific conditions outlined in the transaction reversal guidelines.
